The Point Pleasant High School **BE ON POINT** Character Education Team is back again for our 7th annual **MOVIE AND A MENTOR** event. This program is open to all elementary students in grades K-5. During this 3 hour event, students will play games and activities in the HS gym followed with a full screen surround sound viewing of the new release **CARS 3** in our HS auditorium. This “threequel” promotes the idea that girls can (and should!) do anything they set out to accomplish and that there’s something special about the mentor bond. Students will be assigned a HS Buddy and be placed in small groups of their choosing. Teacher chaperones will be active throughout the entire night.

Fun will be had, lessons will be learned and friends will be made!

Don’t miss the opportunity to bring together Nellie Bennett and Ocean Road students for this special night with the mentors of Point Pleasant High School. Concessions will be sold during the movie (\$1 per item). For more information, please email rmuraglia@pointpleasant.k12.nj.us
